

Certified Lean Six Sigma Green Belt

Sep 09 – 13, 2024	PIM, Karachi	Rs. 50,000/=
Oct 21 – 25, 2024	PIM, Lahore	Rs. 50,000/=
Nov 18 – 22, 2024	PIM, Islamabad	Rs. 50,000/=

Course Description

Six Sigma methodology was pioneered at Motorola in mid-1980s and initially targeted to quantify the defects in manufacturing processes, and reduce those defects to a very small level. Motorola claimed to save several million dollars through Six Sigma. Another very popular success was at GE. Six Sigma contributed over US \$ 300 million to GE's 1997 operating income.

Today, Six Sigma is delivering business excellence, higher customer satisfaction, and superior profits by dramatically improving every process in an enterprise, whether financial, operational or production. Six Sigma has become a precious tool for a wide spectrum of industries, from health care to insurance to telecommunications to software.

This course is specially designed and developed according to the market demands and needs of today's emerging international and global persuasive strategies focused on quality.

COURSE OBJECTIVE

- Understanding of latest quality concepts
