## Course Description

"Lateral Creative Solutions and Analytical Skills" encompasses the fusion of unconventional problem-solving techniques with data-driven analysis. It represents a dynamic approach to tackling challenges by thinking laterally, exploring innovative angles, and utilizing analytical prowess to derive actionable insights. This synergy enables individuals or teams to navigate complexities effectively, devise inventive solutions, and optimize outcomes across various domains. Whether in business, technology, or creative endeavors, leveraging lateral creative solutions alongside analytical skills fosters agility, innovation, and sustainable growth.

## COURSE OBJECTIVES

- Enhance problem-solving by fostering creative solutions and diverse perspectives.
- Foster innovation by encouraging outside-the-box thinking and breakthrough ideas.
- Integrate analytical and creative thinking for balanced problem-solving.
- Improve decision-making through lateral thinking and logical analysis.
- Build adaptability by applying flexible thinking to new challenges.
- Enhance communication skills for clear and effective idea sharing.
- Cultivate a creative mindset to see problems as growth opportunities.
- Provide practical application through real-world exercises in organizational contexts.

## FACILITATOR PROFILE:

Meet Amrit Amjad, a seasoned professional driven by a profound passion for unlocking human potential and guiding individuals towards a growth mindset. With a diverse career starting at the age of 16 as a call center representative with Infospan, Amrit honed the art of effective communication and connecting with people, laying the foundation for a remarkable journey. As a road host at Star Asia TV Channel, Amrit engaged with diverse audiences, refining interpersonal skills and understanding the captivating power of storytelling. Transitioning to the corporate world, Amrit served as an HR and Admin Assistant at Warid Telecom, gaining insights into human resources intricacies and the pivotal role of a positive work environment in personal and professional growth. Amrit's educational journey as an educator at Liberal Arts High School, Supernova Pre-school, and Edopia highlighted the transformative power of education in shaping young minds. Venturing into events as an Organizer and Manager at Blue Belle Events, Amrit mastered meticulous planning and creating memorable experiences for diverse audiences. As a certified DBT, NLP, and Hypnotherapist, Amrit found purpose in Mindset Engineering, guiding individuals toward a growth mindset, enhanced emotional intelligence, and self-actualization. Amrit's mission is to offer a holistic approach to personal and professional development, leveraging diverse experiences to create an empathetic space for individuals to blossom. Join Amrit on a transformative journey towards unlocking true potential, cultivating success, and embracing authenticity. Together, let's embark on a path to empowerment, confidence, and a more authentic version of yourself. BS Psychology from Virtual University of Pakistan, Certified in DBT, NLP and Hypno Therapy from Pakistan Institute of Mind Sciences.
